Create The Dream Home You've Always Wanted

Black Oak Renovations

Concept to Completion

Black Oak Renovations specializes in custom remodeling and additions in the Knoxville, TN and surrounding area.

- We guarantee on schedule completion.
- We provide a cost-effective process from beginning to end.
- We strive to insure that the final product exceeds your expectations.
- We pride ourselves on providing work with honesty, integrity, and great value.

But where do you start?

It all begins with a dream. New appliances, spa-like bathroom, new counter tops, a media room, etc. A dream is great, unfortunately it can get costly unless you plan ahead.

Let me show you! We can customize your concept for your lifestyle by doing some very simple steps.

Step #1 – We'll Create The Plan

Together we will design the plans and the budget to make your project run as smoothly as possible and be completed on time.

When you work with Black Oak Renovations, we will speak with you about the goals you have in mind for your renovation project and discuss the feasibility of those goals in conjunction with your budget, your neighborhood and your short and long term plans. We want to make sure we provide you with the best service and advice for your needs. Our objective will be to turn your thoughts and dreams into reality.

Step #2 – Let's Get Started

Once all plans and budgetary needs are finalized we will create a project timeline that works for all involved.

When all of the information and final details are gathered, we will bring you

in for a final presentation of the plans. This is the chance to iron out any last minute details or changes to the plans or finishes. We like to get those decisions and details worked out in advance of construction so that you can sit back and enjoy the transformation of your home.

Step #3 – The Work

During the actual renovation things can get chaotic and even messy. But don't worry! The results will be worth it.

Throughout the project we will have both informal and regularly scheduled progress review meetings to make sure we are proceeding according to contract, and that we are continuing to successfully set and meet your expectations.

Step #4 – Completion Day!

When the transformation is complete, we will have a final walkthrough with you to insure we identify any areas that may need "fine tuning" and leave you to enjoy your new space.

Now you can kick back and relax. Your dream is now reality! All you need to do is ENJOY!!

At Black Oak Renovations we guarantee to complete your project on time. We provide a cost-effective process from beginning to end. Our goal is to always exceed your expectations.

From remodeling an existing kitchen, bath, attic, master suite, or basement, to creating new living environments and more, Black Oak Renovations can do it all. Call John today at 865.805.7544
